With up to +50 dB gain of power, it greatly enhances 4G LTE and 3G cell service for all your wireless cellular devices (smartphones tablets, notebooks, hotspots, etc.) on any carrier in Africa. There are no monthly fees nor does it need to be connected to any internet source (wifi or landline) to work. It simply amplifies your existing in-vehicle cellular service up to 32X for better talk, text, and faster internet. Backed by a 1-year manufacturer warranty, locally-based African customer support, 30-day better signal or money back guarantee, and lifetime technical support

Goodbye, no-signal frustrations.
